Register as a New Patient

You are welcome to register with us if you live within our Practice area.

Please note, we do not accept “out of area” patients.

The Newbury Street Practice covers Wantage and Grove and extends to include these villages – Ardington, Baulking, Charlton, Charney Bassett, Childrey, Denchworth, East & West Challow, East & West Ginge, East & West Hanney, East & West Hendred, Farnborough. Goosey, Kingston Lisle, Letcombe Regis, Letcombe Bassett. Lockinge, Lyford, North & South Fawley, Rowstock (Wantage side only), Sparsholt, Stanford in The Vale

If you are not sure if your home is within our area, please ask.

To make an enquiry or request an application pack please call the practice and select option 5 or email newburystreet.admin@nhs.net

To register you will need to complete a registration form and an Online Services form if required. Please ask at our reception for paper copies or find online versions of both can be found on our website. It would be helpful if you have details of your previous doctor’s name and address. This will enable the Practice to get your medical notes from your last GP.

Medical treatment is available from the date of registration.

Please note we are not a dispensing practice.

You will receive notification of your GP once your registration is complete.

Opening Times

Practice Opening Times:

Monday – Friday 8.30am – 6.30pm

Telephone Number: 01235 639521

We sometimes offer extended hours including weekdays until 8pm and Saturday mornings.

When the Practice is closed, we advise patients to contact NHS 111 for medical advice by dialing 111 or looking online at the nhs.uk website - <https://111.nhs.uk/>

Keep Updated:

*For announcements about the Practice, be sure to look us up on **Facebook**. Search for **Newbury Street Practice** or check out the website:*

About us

We are a well-established GP Practice based in Wantage, South Oxfordshire proudly serving a practice population of almost 16,000 patients.

Over the years our Team has grown in size, and skill mix to over 45 staff and 12 Primary Care Network colleagues.

Having such a diverse range of expertise and experience means we can offer the best possible care to our patients in a safe, effective and compassionate way.

Our Patient Co-ordinator team are highly trained to assist in signposting support for patients and allocating the most appropriate appointment to meet their needs.

Patients may be offered an appointment with a GP or another member of the Team and this may be a phone call, or a face-to-face appointment.

All the team are committed to offering the Right Care in the Right Place at the Right Time.

The Newbury Street Practice Team

Allied Health Care Professionals

Physician's Associate:

Michelle Reston

Advanced Clinical Practitioner:

Garreth Saunders

Practice Nurses:

Caroline Burgess

Lisa Smith

Caroline Doyle

Kate Prior-Powell

Nursing Associate:

Kimberley Embling

Healthcare Assistants & Phlebotomists:

Lauren Woodward

Diane Carter

Eleanor Wilkins

Harry Rimmer

Michelle Hunt

Our Nursing Team are very experienced and able to offer a wide range of services including long term condition support, vaccination and immunisations, cervical smear testing, contraception and sexual health care, travel immunisations, ECGs, blood tests and urine testing.

Non-Clinical Support Staff

Our Patient Co-ordinator and Prescription Teams are here to help with lots of knowledge among the team.

Their duties include the reception desk in the waiting room, taking phone calls and signposting to other services or allocating the most suitable appointments, repeat prescriptions & liaising with local pharmacies.

Our Administrative & Secretarial Teams are highly experienced and helpful. They are involved with patient referrals, insurance and medical reports, and hospital letters as well as patient emails, online access and information requests.

Management Team

Practice Manager: Robin Somers

Deputy Practice Manager: Sandra O'Donnell

IT & Digital Lead: Gail Wells

Patient Co-Ordinator Team Lead – Sue Lay

Prescriptions Team Lead: Cheryl Oakley

Nursing Team Lead: Caroline Burgess

Primary Care Network Team (PCN)

A PCN enables Practices to expand their workforce by recruiting other healthcare professionals who can offer face to face appointments. They cover both Newbury and Church Street Practices.

Our PCN team has significantly grown over the last 12 months and includes Pharmacists, Pharmacy Technicians, Mental Health Nurse Practitioner, Physiotherapists, Care Coordinators, Social Prescribers, a Digital Lead and a Frailty Team.

We very much value our PCN colleagues and recognize the diverse skill mix they bring to NSP to offer more access and expertise for our patients to benefit from.

We continue to seek opportunities to work with the community and develop its multidisciplinary team to allow patients to have a consultation with the most appropriate healthcare professional.

For more information on Wantage PCN:

<https://newburystreetpractice.co.uk/wantage-primary-care-network-pcn>

Our Appointment System

Our Patient Coordinator Team, along with our online triage system, will allocate you the most appropriate appointment taking into consideration the following: Right Care, Right Place and Right Time.

This may involve booking in with one of our allied health care professionals, PCN team, Nursing or GP team.

We try to keep to Named Doctor appointments as much as possible as this is important for continuity of care. If you do not know who your named GP is then please do let us know.

Whilst we appreciate it is not always possible to attend previously booked appointments, we respectfully ask patients to let us know if they are unable to attend so we can open the appointment up to another patient.

Chaperones

If you feel that you would like a chaperone with you during a consultation, please ask the clinician who will be happy to arrange this for you. In certain circumstances a clinician may request one to be present.

Booking an Appointment

Patients can book appointments in the following ways:

- 1. Online via the NHS App or via the practice website. Patients complete an online form which comes into the practice for the clinical team to triage.*
- 2. Phoning the practice where the patient coordinators will complete the form if you are unable to.*
- 3. Walking in to speak to our Reception Desk where the patient coordinator or you can complete the form yourself.*

Nursing and HCA (blood test, ECG etc) will be booked in the normal way via the patient coordinator team.

Any online form or paper form received by the practice will be triaged by the clinical team to decide whether this needs to be dealt with on the day or at a later date. Once triaged you will receive a self-booking link to book an appropriate appointment. More information is available on our website regarding our booking system.

What if I can't get to the surgery for an appointment?

If you are too ill to come to the Practice and you need to be seen, we may arrange a video appointment or consider a home visit if appropriate.

Repeat Prescriptions

*We encourage patients to request their regular/repeat medication via the **NHS App**.*

For more details of how to download and use the NHS App, please see: <https://www.nhs.uk/nhs-app/>

Alternatively, you can submit an online triage form to make a request – please include the name of the drug you are requesting and the pharmacy you would like us to send the prescription to.

For those who are not digitally enabled either:

- Leave a suitable request in the prescription box provided in reception or in one of the local chemists. At present repeat prescriptions are left in the letter box outside the Practice.*
- by Post (please ensure request is signed) to Newbury Street Practice, The Health Centre, Mably Way, Wantage OX12 9BN.*

Carers

We keep a register of Carers so we can offer extra support, please let us know if you feel you need to join this list.

Online Access

*The **NHS app** gives you a simple and secure way to access a range of NHS services.*

For more details of how to download and use the NHS App, please see: <https://www.nhs.uk/nhs-app/>

You can also access your NHS account through the NHS website via <https://www.nhsapp.service.nhs.uk/login>

You must be aged 13 or over to use the NHS App.

With full access you can

- order repeat prescriptions and nominate a pharmacy where you would like to collect them*
- book and manage appointments*
- view your GP health record to see information like your allergies and medicines (if your GP has given you access to your detailed medical record, you can also see information like test results)*
- book and manage COVID-19 vaccinations when applicable*
- register your organ donation decision*
- choose how the NHS uses your data*
- view your NHS number (find out what your NHS number is)*
- use NHS 111 online to answer questions and get instant advice or medical help near you.*

Useful Hints for using the Telephone System

*The Practice is contacted on **01235 639521**.*

On dialing the Practice, you will hear an automated message welcoming your call, letting you know all calls are monitored and reminding you to call 999 if you have a life-threatening emergency.

If you wish to speak to a GP or Healthcare Professional, you will need to complete an online triage form. If you cannot do this a Patient Coordinator can assist you and complete one on your behalf.

If you stay on the line the automated menu can be accessed by pressing the relevant number on your keypad.

- 1. Urgent enquiries This line is for healthcare professionals only.*
- 2. Patient Coordinators To arrange an appointment, a call back, ask for results or general enquiries. To arrange a Nursing/HCA appointment or ask for results it is best to ring after 11am.*
- 3. Scripts Any enquiries relating to medication and prescriptions.*
- 4. Secretaries Any enquiries relating to NHS/Private referrals and letters.*
- 5. Admin Team Any enquiries relating to registrations, completion of forms and medical records.*
- 6. Pharmacy Team*

Useful Hints (continued)

Once you have selected an option from the menu, you will be automatically put in a queue, you can then select the “call back” option. For example, on dialing the Practice if you select 3 (prescription enquiries), stay on the line and select 1 once prompted for a “call back”.

Please note “call back” can be affected by the type of call screening you have in place. Call back will fail if you don’t pick up the phone and don’t have an answering system, so stay close to your phone if you have requested a call back.

If the Practice telephone number is blocked in your phone the “call back” will also fail. How the call blocking service works depends on the phone service provider you use, but generally, if the Practice number (01235 639521) is listed in your contacts the “call back” should work.

*All of the above services are available via the **NHS App**, this means that you do not always have to call the surgery, you can look via the App at your notes, test results and request repeat prescriptions, all in your own time and at your leisure. This should save you having to sit in a telephone queue.*

Accessibility

At Newbury Street Practice we strive to make our premises as accessible as possible for those of our patients who have disabilities.

We are pleased to offer a large waiting area, along with a shared facility providing disabled and baby care areas.

You can log in your arrival with our touchscreens which are located on the wall outside of the waiting room.

We have an expansive car park offering several disabled bays. Our car park operates a one-way system.

Interpreter Services: If you require an interpreter to attend with you when you see us, please let our Patient Coordinators know and we can arrange this for you.

Our practice website is available to access via our translation service if needed.

We welcome your suggestions on how we can improve our accessibility to meet the needs of our patients.

Services Available

Core Services

General management of medical conditions

Health promotion advice

Emergency care if appropriate

Referral for other services, if appropriate

Urgently required care for temporary residents

Additional services

Cervical screening

Contraceptive services

Vaccinations and immunisations

Child health surveillance

Maternity services

Minor surgery procedures

Enhanced services

IUD and subcutaneous contraception Fitting

Anticoagulation service

Influenza Vaccinations

COVID Vaccinations

In addition

Registered patients aged 16 -75 who have not been seen for 3 years may request a consultation.

Registered patients aged over 75 years who have not been seen in the previous 12 months may request a consultation.

Long Term Health Conditions

If you have been diagnosed with:

- *High Blood Pressure*
- *Diabetes*
- *Kidney Disease*
- *Heart Disease*
- *Mental Health*
- *Problems Stroke or Mini Stroke (TIA)*
- *Asthma COPD (Smoking Related Lung Disease)*
- *Dementia or Alzheimer's Disease*
- *Epilepsy*
- *Vascular Disease*
- *Rheumatoid Arthritis*

Then we would like to offer you an annual comprehensive review of your condition(s) and medications in the month of your birthday. This will be mostly nurse-led.

Most people will need to have a urine test and a blood test with the healthcare assistant a week before the review. Please speak to reception about booking your LTC appointment.

The Practice Team will be in touch with you about any results and actions that may be appropriate afterwards.

By signing up to the NHS App you can see test results, consultations and documents.

Patient Participation Group (PPG)

A Patient Participation Group (PPG) is a group of patients, carers and GP Practice staff who provide a forum for the exchange of information and views between patients and staff at the Practice.

Through collaborative working, the PPG are ensuring a better healthcare experience at Newbury Street Practice.

All patients over 16 years are automatically members of the Newbury Street Participation Group (NSPG).

Look out for details of NSPG activities on the notice board in the Practice and in the Patient Group Newsletter or look for more information on the website:

<https://www.newburystreetpractice.co.uk/patient-participation-group>

You can contact the NSPG by leaving a letter in an envelope at the Practice or by emailing them using the email: NSPG@wantage.com

Patient Complaints

We hope that most problems can be sorted out with the person concerned. If your problem cannot be sorted out in this way and you wish to make a complaint, we would like you to let us know as soon as possible.

Should you wish to make a formal complaint please address it either verbally or please see the website to fill in a complaints form.

In response to any formal complaint received:

- We will acknowledge your complaint within 3 working days*
- We will treat you with respect and courtesy*
- You will receive a timely and appropriate response to your complaint*
- You will be told the outcome of any investigation*
- You will be told about any action taken arising from the outcome of your complaint.*

If you are dissatisfied with the result of our investigation. You should contact:

Parliamentary and Health Service Ombudsman

*Customer helpline 0345 015 4033
(8:30am – 17:30 pm Monday to Friday)*

<http://www.ombudsman.org.uk/home>

Zero Tolerance

The NHS operates a zero tolerance to violence and abuse against its staff and any incident where staff are abused, threatened or assaulted may result in the patient being reported to the police and no longer allowed to receive medical services from this Practice.

Equality and Diversity

The practice is committed to both eliminating discrimination and encouraging diversity amongst our workforce and in relation to our patients and service users. The practice and its staff will not discriminate on grounds of gender, marital status, race, ethnic origin, colour, nationality, national origin, disability, sexual orientation, religion or age.

Confidentiality & Privacy

We respect your right to privacy and all our staff are bound by our confidentiality policy. Our calls are recorded for training and monitoring purposes. We also have CCTV on site for security reasons.

More about our Practice

**Armed Forces veteran
friendly accredited
GP practice**

<https://www.newburystreetpractice.co.uk/we-are-an-armed-forces-veteran-friendly-practice>

We are an accredited veteran friendly GP practice – if you are a veteran, please enquire as to the extra support we can offer.

SAFE SURGERIES

<https://newburystreetpractice.co.uk/new-patients-2>

We welcome refugees or asylum seekers to register with the practice – please see the above link for more information.

Research at the Practice

We are a Royal College of General Practitioners accredited “Research Ready” practice and take part in a number of research trials throughout the year. We share details of research projects that are active, and patients can decide if they want to take up the offer to get involved – there is no obligation. Look out for more information on our Social Media Outlets and our Website.

Physical Activity at the Practice

We are a Royal College of General Practitioners accredited “Active Practice.”

We have a strong focus on exercise activity and social connection in the community

We have recently registered as a Parkrun Practice – happens weekly on site <https://www.parkrun.org.uk/grovefields/>

Look out for more information on our Social Media Outlets and our Website.

Newbury Street Practice

We are continually working to improve our services to meet the needs of our patients.

Therefore, we very much value your feedback and would like to highlight that you can share your suggestions in a number of ways:

Feedback forms in the Waiting Room

<https://www.newburystreetpractice.co.uk/feedback-suggestions--complaints>

<https://www.newburystreetpractice.co.uk/suggestion-form>

Leave a review -

Newbury Street Practice - NHS (<https://www.nhs.uk/>)

We would like to thank all our patients for their kind support over the last few years including those who have been with us for a long time, and those more recently joined and to those considering us in the future – welcome!
